We have not been Honour'd w<sup>th</sup>. any of yo<sup>r</sup>. Commands since the Receipt of yo<sup>r</sup>. Favour under the 4<sup>th</sup>. No[v<sup>r</sup>.] 1729 nor have we had Occasion to address you till receiving notice of Late that the Honble George Moreton Pitt Esq<sup>R</sup>. was appointed by our Honble Masters to succeed in that Goverm<sup>t</sup>. to whom we take this Opportunity of paying our Compliments.

In July Last a contagious Distemper broke out in this District in many of its symptoms resembling the small Pox, which has since Dayly incr[ea]sed upon us, insomuch that 'tis with Difficulty we find People to bury the Dead; Our Garrison is by this Visitation so much reduc'd, that we are at a Loss at present how to furnish our selves, & no supplys of Men being sent out this Season to Bombay, we doubt it will be Impossible for them to spare us any without putting themselves to the greatest Streights Imaginable, considering the Troubles they seem at present Engag'd in; & as the Dutch are Endeavouring by all means possible to distress the Settlements, & are raising what Forces they can on this Coast, for Ends that we no wise suppose are tending to our H<sup>o</sup>. Masters Interest, We Earnestly request you will (if possible) supply us with Thirty or Forty Soldiers, Europeans, Mustees or Topasses or a greater number (if you can spare them) even to Fifty, for we are under the Greatest apprehensions Imaginable that the Natives, when they perceive us unable to withstand them, will according to Custom give us Trouble.

The Lethieulier commanded by Cap<sup>t</sup>. John Shepheard, & the Prince William Cap<sup>t</sup>. William Beresford arriv'd Bombay the 20<sup>th</sup>. Aug<sup>st</sup>. & the Barrington from Mocha was unhappily lost in Entering that Port the 23<sup>a</sup>. September, but her Ships Company sav'd. We are with the Greatest Respect Imaginable

To THE HONBLE GEORGE MORTON PITR Esq<sup>a</sup>.  
PRESIDENT AND GOVEENOUR  
&c<sup>a</sup>. COUNCIL OF FORT S<sup>r</sup>. GEORGE.

HONBLE SIR & S<sup>as</sup>.

This accompany's our Books and Papers containing the Transactions here the past Year, and Answers such paragraphs in the General Letter from the Honble Court of Directors as relate to this Settlement.

1. We were both ready & willing to put in Execution the Orders contain'd in this paragraph, and did accordingly make an Advance to our Merchants for the Sallampores they Contracted to bring in, but to what purpose you will see when we come to speak of the Investment.

2. That the several Buildings and Repairs propos'd are Approv'd of is a great encouragement to Us to proceed therein with no less resolution than Frugality, We have these two years past been disappointed of Timbers but are in hopes shortly of receiving them from Pegue, when they arrive we shall go to work without loss of time, And if possible finish what we have to do before the Rains set in.

3. Hitherto we have not heard any Complaints from our Inhabitants of Fraud or Extortion in those who have Rented the Measurage of Grain We shall keep a strict Eye upon them And if they are caught in such Unwarrantable practises, punish them as they deserve.

4. The Account of M<sup>r</sup>. Packer's Estate has been long since Clos'd by the Gentlemen appointed to take out Letters of Administration And the Counterpart of M<sup>r</sup>. Vezians Covenants we suppose are at Fort S<sup>r</sup>. George since they are not to be found in our Office.

5. Those Gentlemen residing here against whom the Honble Company have a suit depending in Chancery Assure us that according to the best of their Judgement they will Comply with the Orders contain'd in this paragraph And get their Answers drawn up according to the directions given, And send them by some of this year's Shipping.

INVESTMENT.

6. In order to give your Hon<sup>r</sup>. &c<sup>a</sup>. as thorough a Light into this Article as we can we must beg leave to referr you to the several Letters wrote from hence upon this Head, and bear date Viz<sup>t</sup> : 12<sup>th</sup>. May, 23<sup>d</sup>. & 29<sup>th</sup>. June, 7<sup>th</sup>. July & 19<sup>th</sup>. October by all which you will perceive the difficultys we labour'd under till that time ; since which our Merchants have brought in nothing till within these 15 days, and That but a meer Trifle, the quantity scarce worth mentioning, Yet That they may not want something to say for themselves They promise Heartily, cry out on the dearness of

Cotton one day, the badness of the Roads occasion'd by the last Violent Rains another, when in plain Truth the reason is they cannot Comply with their Contract without utterly ruining themselves, & [they] chuse rather to trust to your Hon<sup>r</sup>. &c<sup>a</sup>'s. Mercy in Exacting the Penalty than run themselves into [in]visible and perhaps irretrievable Loss: Was the difference only a Pagoda upon a Corge possibly they might be wrought upon to share the Loss among them but when it runs so high as Pag<sup>s</sup>. 6 it is more than they are able to bear; And did not the Volatile Temper of our Neighbours at Pondichery evince the contrary we could never have imagin'd that any European nation would have prosecuted a Trade upon an Apparent Disadvantage of 25 ₣ Cent. Our greatest hopes of Succeeding in our next year's Investment depends upon Their ruining themselves, And a plentifull Crop of Cotton, While we are upon this Subject we ought to Advise your Hon<sup>r</sup>. &c<sup>e</sup>. how many Bales we hope to have ready by the middle of next month Though at the same time we are ashame to say that we believe they will scarce make up 100.

#### BUILDINGS.

7. The Hospital at the Fort And the New House at the Garden have stood still for want of Timbers but we expect some from Pegue this Season, when we shall go about them. Though we have had no occasion for more than the Customary Repairs yet the late unusual Rains and Freshes from the Country have Administer'd Cause for an extraordinary expence next year And such as is Unavoidable, whereof we have already made the nearest Calculate we can And shall by the strictest Frugality imaginable take care, if possible not to exceed it.

#### RENTS AND REVENUES.

8. All our Farmers by the late Deputy Gouvernour's good management have notwithstanding the great scarcity made a shift to pay their Rents excepting the Arrack Farm which Cowle being expir'd no body would touch it for six months during which time not above Pag<sup>s</sup>. 275. 5. 77. was Collected, nor is it to be Admir'd that people should debarr themselves the use of Strong Liquors while they wanted Rice to eat, However upon the prospect of better times we Lett it out in July for the customary Rent.

9. Though the Sea Custom of Cudalore is more by Pag<sup>s</sup>. 227, this, than the preceeding Year occasion'd by several Vessels Laden with Grain sent hither by M<sup>r</sup>. Symonds, Yet upon comparing the whole Amount of Land & Sea Custom at Cuddalore and Tevnepatam, it falls short of the last year[s] Pag<sup>s</sup>. 815 23. 28. This deficiency is owing to the Loss of the Ship Lynn by which upwards of Thirty thousand Pagodas lay Dormant and paid [no] Custom till October following, which if it had been brought into the Customs for 1729 would have rather exceeded than fall'n short of the preceeding year. The Bound Renters have taken the Windmill of Us at Pa. 160 ₣ Ann, during that [Cowle].

#### EXPENCES.

10. Almost in every Article the Expences have been lessen'd this year And upon the whole eight hundred ninety three pagodas but the reductions that have been so lately m[ade] have not left us the least room to make any further progress, And we hope we shall merit your Hon<sup>r</sup>. &c<sup>e</sup>. Approbation if we can keep it as it is.

#### DEBTS.

11. We have Contracted no new [debt] as may be seen by the inclosd List, And wish it were in our power to recover any of the old [ones] to which end we shall let slip no opportun[ity] that Offers.

#### COVENANTED SERVANTS.

12. We are here to remark the [Loss] of M<sup>r</sup>. Richard Gilman, who dyed of Council[1 the] 31<sup>st</sup>. March.

13. M<sup>r</sup>. Symonds Arriv'd here the [ . . . ] June with your Commission, to possess him[self] of the Government here, which was duly [ . . . ] Honour'd. And

14. As this Letter will be Transm[itted] to the Honble Court of Directors, he does beg leave to signifie therein his Gratefull Thanks [to] his Honble Masters in regard they have thou[ght] him worthy of so Important a Trust, And Assure them that he will Conduct himself [with] the utmost Diligence and Fidelity in the discharge thereof.

15. Mess<sup>rs</sup>. Graham and Johnson return'd, with your leave, to Fort St. George [And] the vacaneys in Council of the Former and [of M<sup>r</sup>.] Gilman are supply'd by the Arrival of Mess<sup>rs</sup>. Eyre and Goddard the 23<sup>d</sup>. September. M[ess<sup>rs</sup>.] Mountague Burton and Foxall are also ar[rived] to our Assistance.

MILITARY AND PEONS.

16. The state thereof your Hon<sup>r</sup>. &c<sup>a</sup>. will find in the enclosd Roll, And that all the Alterations are Ensign Brewster's dying the 20<sup>th</sup>. May, he was succeeded in that Commission by M<sup>r</sup>. Francis Louis De La Chaux who hath since so badly Behav'd himself as to be judg'd Unworthy of that Favour which is now Conferr'd on M<sup>r</sup>. Buckberry whose Behaviour we hope will better requite it.

We have now nothing more to Add, And therefore Subscribe

A RELATION OF A SEA FIGHT BETWEEN THE BAY CRUIZERS & ANGRIAS  
GRABS THE 25<sup>th</sup>. NOV<sup>E</sup>. 1730 OFF COLABBO.

The Victoria Figgat, Bombay & Bengal Gallies well fitted & mann'd being order'd to lye of Colabbo to prevent Angris's Grabs from getting out of that Port, the said Grabs full of Men with fifteen Gallivatts at break of Day the 25<sup>th</sup>. of this Inst<sup>t</sup>. push'd out of Colabbo with the Land Wind, and with Uncommon Resolution bore down and attack'd the two Gallies, Two Grabs & a number of Gallivats to each Galley, the Victoria having unfortunately the Night before given Chace to a ship in the offing, and in the morning was at too great a Distance to give any Assistance before it was too late, there being little or no Wind the Grabbs lay astern of the Gallies, battering them with their Proe Guns, the Gallies having no stern Chace or any other Defence but their small Arms which they ply'd very briskly, notwithstanding which the Enemy attempted severall Times to lash their Grabs to the Gallies Quarter and Board & were as often repuls'd & beat off with great Loss: An unlucky shot from the Enemy set fire to two Chest of Powder flasks that stood on the Bombay Gallies Quaiterdeck which mortally wounded Cap<sup>t</sup>. Campbell & hurt severall of his people, yet he cleard his Vessell thô four Times boarded, but the Bengal Galley was carried the third Attack, the Captain & most of his Men being kill'd and Wounded, the smallest of the Grabs with the Gailivats took the Bengall in Tow & carry'd her to Colabbo before the Victoria coud come to her Rescue but in going in the Galley struck & 'tis hop'd she is lost, the other three Grabbs stood to the Southw<sup>d</sup>. to join as tis supposed Sambajee Angria's squadron at Giriah consisting of two Grabs & two Galliots taken from the Portugizee, & fourteen Gallivats, so that both together he will have a Considerable and formidable fleet, & elated with this success will doubtless attack any Vessells he meets it therefore behoves all ships bound to the Northward to be upon their Guard and use the necessary Precaution for their safety till the Bombay squadron is Reinforced in [*sic*] goes in quest of the Enemy, which will be done with all Convenient Speed.

HON<sup>BLE</sup>. SIR, & SIRS,

This accompanys Duplicate of my last of the 4<sup>th</sup>. Inst<sup>t</sup>, w<sup>r</sup> Country boat Anemountee, which I hope is safe Arrived, with Account, & bill of Lading of the Thirty Bales sent on her; I now take leave of sending One Hundred, & Three Bales, of the Shaveram Briggantine, I was in hopes, of a much larger quantity of brown Cloth for these last 11 daies, but the Jentue Feast happening in that time, & the cotton growing Excessive dear, which has been the Occation, but one month more will, (I hope) give a great alteration to the Price of cotton.

There is a Report, that this Year the French is design'd to settle again, at Yanam, but hope there is no truth in it, believing the Consequences woud be of very great Prejudice to the Success, I am in hopes to have, Especially if they Contract for those sorts that give a greater advantage to the sellers, than I am at Present permitted to doe.

I take leave of sending a List of demands herewith; my Accounts from the 1<sup>st</sup>. May to the last December comes also, by the Briggantine, and as soon as I know how your Honour &c<sup>a</sup>. has been pleas'd to sort the Cloth, shall bring this to Account.

M<sup>r</sup>. William Crawford who was sent by the Hon<sup>ble</sup>. Gov<sup>r</sup>. & Council this time two Years, upon the Shaveram Briggantine, the misfortune of his deafness is the reason why, I am desirous of parting with him, it being a very great one, in [such] a place where there is only two People, and I have got a young man, very Capable of buisness, and [well] fit for a Companion, if your Honour &c<sup>a</sup>. woud p[lease] to admitt of the Charge, of M<sup>r</sup>. Crawfords going to Maddepollam, now Sabbana is pend up (and [I] hope will be Vanquished) We shall be able to get a [good] many Bales from thence, which, (very well) will Answer that Charge.

Your Hon<sup>rs</sup>. &c<sup>a</sup>. favour of the 26 December just now came to hand.

TO THE HON<sup>BLE</sup>: GEORGE MORTON PITT ESG<sup>E</sup>,  
PRESIDENT & GOV<sup>R</sup>: OF FORT ST. GEORGE,  
&c<sub>A</sub>. COUNCIL.

HON<sup>BLE</sup>. SIR, & SIRS,

Since my last of 26<sup>th</sup>. Ult<sup>r</sup>. [notwith]standing y<sup>e</sup>. Slowness of the investment at [this] time of the Year, as usual, I have a great [deal] of trouble with one Sagee, a Moor Renter [of] Dachram, &c<sup>a</sup>. Villages, who has always [been] Noted for a man that has been very troub[lesome] but never Committed Outrages in the m[anner] he does at Present, which I suppose may proceed from his being Son in Law to [the] Present Nabob, and having a great Number of People, and partly, upon y<sup>e</sup>. Nabob being at [Present] at a great Distance, besides he is deaf to [all] Complaints that have been made to him [about the] unreasonable behaviour of the said [Sagee]. [The] reasons of my Present misunderstanding [with] this man, is, as follows.

About June he, and his People has usually had a Present of Fifteen Yards [of] broad Cloth scarlet, besides other odd things now, and then, amounting to a smal sum ; in August 1729 the Present was giveu him for June past, and in January following, I went to Fort St. George, and not returning before May he seized one Corge of Ordionary [sic] Long Cloth, on acco<sup>t</sup>. of his Present.

On my return here he wrote me desiring his Present might be sent him which was Answerd, as soon as it was due he shoud have it, and desired he woud send the Companys Long Cloth, which he had Seized, for the s<sup>d</sup>. Present, before it was due ; at that time the Country was farr from being well Settled, On Account of Subbana, and Rammerauzes, People Passing too and thro.

In June following I sent to Sag[ee] who was then at Rajamahendrum Fort, desiring he woud send the Cloth with the Dustic, and his Present shoud be delivered to his order, He then Order'd a Brameney that had the care of Dachram to send the Cloth, and receive the Present, but this was omitted, thô I wrote several times about it, and some time afterward the Rajahs Subbanna & Rammerauze with Eight, or [Ten thou]sand men took the Town of Dachram, [ . . . ] belonging to the Moors kept the Pagoda, [and (as) I was informd afterward] they had Carry[ed the] Cloth too, and tear up four or six pieces [from it] to discover y<sup>e</sup>. Enemy in the Night, and [this was] Divided amongst their Peons, who ha[d paid] the head People for the same.

When Hagee Hussain [came [to] this Country, upon the Habilie Compan[y's] Vakeel] going to him, with a Present as usual, he [made] his Complaint concerning the Seizure [of the] Cloth, and requested he woud order the [Cloth to] be returnd, and then the Present which [was] usual for the Sagee, shoud be given, but [could] get no other Sattisfaction than y<sup>e</sup>. Bramaney whipt, whose fault it was (as the Sagee [said]) the Cloth was not deliver'd, but [they] Promised to get y<sup>e</sup>. amount in Cash, and [give] me ; all this has Omitted, and has wrote [more] often within this Fortnight for a two Yea[rs] Present, notwithstanding the Vakeel having been with him, informing him, that there was four months to come before the Present for the two Years was due, but if he'd send the Cloth, or the Amount he shoud have a Present for the last Year immediately, and the other in June next as Customary ; this has been so farr from given any Sattisfaction, that since he has placed Peons here upon Eatta, and said if I did not Comply in Sending the Presents he demanded, in two, or three daies he woud send a Party of Horse, and an Additional Number of Peons.

The little redress I knew I coud have on this Occation, from the Rajah Timmerauze, (Notwithstanding he is very ready to serve the Company, when its in his Power) and Hagee Hussain being at so great a Distance, and as I have said before, his not regarding any Complaints that are made against his Son in Law ; I thought it woud be for the Companys Interest to Comply in sending the Presents, as the Sagee having Promised to Pay the Amount of the Long Cloth to the Bearer, as also to give a receipt for the saree and a Note that he woud Demand no other Present for Sixteen months,

Before the Vakeel went to him, he Lodged the Present in a House near hand, and on his going to Sagee he slapt him on the face, & Orderd him to be shoy'd out, and Placed Tenn Peons Over him, upon Battas, and makes a demand of China Damasks, Rose Water bottles, &c<sup>a</sup>. more then Customary ; besides sent a Parcell of Peons to fetch the broad Cloth by force out of the House, the Vakeel had Lodged it in, and takes no notice either of returning the Long Cloth, or Paying the Amount ; but As the Vakeel writes me, he will not only keep him there, tell I Condescend, but will send a Parcell of Horse, and Peons, to force me to a Compliance with his Demands.

Every body in General whom this Sagee can reach Complains, of his most barbarous usage, and what is worse, he will not [admit] any one to give advice, Contrary, to his inclinations, and as I cant tell in what manner this will end, therefore thought of Relateing the particulars, in hopes of having your Hon<sup>r</sup>. &c<sup>a</sup>. Orders how to act.

Since I have been so long upon making a Complaint, I take leave of laying another before your Hon<sup>r</sup>. &c<sup>a</sup>. of one Vancatach a Bramaney Renter of this Town &c<sup>a</sup>. Villages, under Rajah Timmerauze, M<sup>r</sup>. Blunt lent this man, sums of money, at Several times which made his buisness goe on perfectly eaise, and so it did, for the two first Years of my time, this man being indebted to M<sup>r</sup>. Blunt, at his Decease, four Hundred Pagodas, how much I have been able to get of that money, undoubtedly your Hon<sup>r</sup>. &c<sup>a</sup>. has been acquainted with, by the Trustees of M<sup>r</sup>. Blunts Estate, the begining of last year this man was turn'd out, and continued so till December, as soon, as he had recoverd his Place, Press'd me, as well as my Merchants for the Loan of money upon my writing [to] Timmerauze I was troubled no more, [but] my Merchant has been obliged to a Compliance, and the said [Renter] has Seized hold of the Companys ferryman, and Extorted a Note from him for six Pagodas and a [half] and threatens to Seize the Companys Washer's but Timmerauze Promised at all times, to make me as [eaise] as I desire, as farr, as its in his Power, Thô if the Hon<sup>r</sup>ble President, shou'd of his superiour Judgement think well to write to the Rajah Timmerauze to informe him in what manner he Expects the Comp<sup>as</sup> : Servants, and their Dependance here shou'd be treated ; It is my humbly Opinion, it will be of great Service ; The French having left the Factory at Yanam, for no other reason, then, Account of this Renters troubleing them because of their not Complying in Opening their Cash Chest, at his Pleasure : These two People are the only Persons that gives any trouble in these Parts, otherwise I am in hopes by a fair Prospect of a good Crop of Cotton, to make my Investment larger than it has been hitherto : which is all that Offerrs at Present.

We have rec<sup>d</sup>. your favour of the 1<sup>st</sup>: Ins<sup>t</sup>: And Agreeable to your desire have sent You Five hundred bags of Salt Petre on the following Vessells Viz<sup>t</sup>. Two hundred & Fifty Bags on the Hopewell Brigantine and Two hundred & Fifty on the John Briggantine As  $\oplus$  Invoices and bills of loading enclosed, We should have sent one of Our Sloops up with it, but they are all fully employ'd in tending out

our Europe Ships the Bridgwater and Duke of York for Great Britain, and the Darby & Dawsonne in Company with two Dutch Ships in Quest of the Ostender who came and Anchor'd near Ballasore and sent her boat on shore for advices.

You will receive enclosed an Invoice of Goods belonging to Contoo, Our late Cossimbuzar Broker, which were on the Neptune Brigantine when she stranded. On your Coast, As we hear all the Goods on her were saved, We desire you will dispose of them for the most they will Fetch, And as Contoo's is still indebted the Freight to the Proprietors of the Vessell (which should have been paid before the Vessell went from hence) You will please to Deduct that out of the Amount of the Sale, And [that you'll send] the remainder down hither on some good Conveyance for the Hon<sup>ble</sup>: Companys Account.

We are much Concern'd at the ill News from the other side of India, And that Angria has taken One of the Galleys which We fear will greatly embolden those Pirates on that Coast.

The 10<sup>th</sup> : Inst<sup>t</sup>: we sent down the dispatches of Ships Bridgwater and Duke of York, but the winds proving Contrary they did not sail till the 20<sup>th</sup>.

We are greatly surprized the Cadogan was not arrived You the 1<sup>st</sup>: of this Month, since the Mary and her dispatches were sent down from hence the 26<sup>th</sup>: Decem<sup>r</sup>: We fear she must have kept too near the Shore which has prolong'd her passage.

HON<sup>BLE</sup>. SR. & SRS.

The George arrived in our Road the 25<sup>th</sup>: of October in the Evening next Morning the Cap<sup>t</sup>. came ashore, and deliverd Us your Hon<sup>r</sup>. &c<sup>a</sup>. favour of the 15<sup>th</sup>. September giving Us an Account that the Hou<sup>ble</sup>. Court of Directors have appointed George Morton Pitt Esq<sup>r</sup>. President, and Gov<sup>r</sup>. of Fort S<sup>r</sup>. George, and all the Subordinate Settlements thereunto belonging, to whom We promise our due Obedience begging leave to congratulate him thereon wishing him Health, and Success in our Hon<sup>ble</sup>. Masters Affairs. We are now to give your Honour &c<sup>a</sup>. an Account of our Affairs since the Suprvisor's departure and

#### FIRST CONCERNING SHIPPING.

2. The Hon<sup>ble</sup>. Company's Ship Montague imported here the 24<sup>th</sup>. July, and brought Us twelve chests of Treasure, Medicines, and Stationary Ware as P<sup>r</sup>. Invoice, the Captain gave Us an Account that he had sprung his Main Mast in his Passage, and had been at Batavia before he could proceed on his Voyage hither. We order'd him to get his Ship in readiness to go to the Northward to take in the Pepper there, and accordingly she sailed the 11 . of August for Moco Moco. We sent on her one Chest of Treasure with Wares, and Stores as P<sup>r</sup>. Invoice also five Soldiers to relieve as many sickly or others the Resident thought proper to exchange

as likewise Mr. Charles Savage Monthly Writer to assist the Resident in the room of Mr. Hawkes whose unhappy temper was not agreeable to the Resident for which he has received a severe Reprimand; She arrived there the twelfth, receiv'd on board two hundred and three Bahars, and three hundred, and forty three Pounds of Pepper. They had the misfortune of filling one Boat on the Barr the Pepper was all saved but when dry'd, and sifted, proved a loss of five hundred, and Seventy two Pounds She proceeded to Bental, where she took in ninety eight Bahars of Pepper, and from thence went to Ippue where She lay ten days, and could get no Boats off the Barr being choak'd up with a Bank of Stones. Mr. Savage being there to receive the Pepper not being well acquainted with the manner of that Barr, and some misinformation given him by the Malays he wrote a Letter to the Captain acquainting him that there was no likelihood of the Bar's being navigable again under thirty days time which made the Captain come away, his men being sickly, and a dangerous Road to lay in She return'd again the 11<sup>th</sup>. of September, and before we had an Account overland from Ippue of the Bar's being open, and navigable again. We judg'd it too late for the Ship to proceed thither, and back again time enough to be dispatch'd for Fort S<sup>t</sup>. George froru hence, as We then design'd; not thinking we could depend on Pepper enough to load her; but the George arriving with your Hon<sup>r</sup>. &c Letter (just as we were making up the Packet) advising Us, that the Cadogan was laying at Demorage for want of Goods to load her, and understanding the large Stock of Shipping that must lay on your hands this Year for want of Goods, has occasioned Us, to alter our Resolution, thinking it better to put on board her what Pepper we can procure by the latter end of January, and send her for England, and hope it will meet with your Hon<sup>r</sup>. &c's approbation. She sail'd the Second time for Ippue the 6 . November, and arrived there the 12<sup>th</sup>. Ditto, She took in One hundred, and sixteen Bahars, and

R.      lb.  
five hundred, and six pounds 116 : 506 : Pepper the produce of that place, She proceeded from thence to Moco Moco but the Pepper there was only Eight hundreds,  
      <sup>ft. qrs.      lb.</sup>  
three Quarters, and fifteen Pounds, 8 : 3 . 15 : which she took in, and arrived here the 29<sup>th</sup>. Nov .

3. We are very glad your Hon . &c. have order'd a Sloop, and two small Boats to be built for the Use of this Coast ! after the Supravisor left Us We were thinking to go on with the Long Boat he put on the Stocks, but found her so rotten, and out of all proportion, that we did not think it adviseable to finish her therefore We took the two old Sloops, and gave them a thorough repair, but on the 7<sup>th</sup>. of May last the Hon<sup>b</sup>le. Company's Sloop Experiment was run away with coming from Sillebar with a Cargo of Arrack, Sugar, Pepper &c. by John Macalister, and Robert Atkins, the Europeans, who sail'd her, also there went away with them George Weddal, who was intrusted with the care of the Sugar Plantation, there was also on board her five of our Gun room Lascars, who took the Opportunity about nine of the Clock the night following off of Ippue (as they supposed) to rise upon the Europeans, and with the Sloop's Pole knock'd on the Head George Weddal as he was leaning on the Gunwale who fell overboard, and another Lascar attempted the same upon Macalister who was at the Helm, but after having receiv'd a great Blow on the Head, he made a Shift to reel into the Cabin to Atkins who lay asleep there upon which the Lascars immediately rowl'd the Bags of Pepper, and Barrel Staves against the Cabin door, and blockaded them up, in the mean time with some Arms they had taken from the Plantation, they made what Resistance they could by firing three times at the Lascars, but did no other Damage than grazing one of their Hands with a Shot. The next day being the 11<sup>th</sup>. of May ; the Lascars brought her back with Macalister, and Atkins in the manner as they were blockaded in the cabin, and deliver'd our Ensign who was sent on board her a small Bag containing twenty one Dollars two Sucas, and Seventy five cash \$21. Z. 75 (which we have paid into the Hon<sup>b</sup>le. Company's Cash) and told him it was hanging to the Tiller at the time when they overcame them. We immediately put them in Irons, and made the strictest examination we possibly could, but could not find any Body concern'd in this Piracy but those three Europeans, which occasion'd Us to allow the Lascars one Month's Pay each, as an encouragement on this Occasion, which We hope will

meet with your approval. We now send by this ship John Macalister, and Richard Atkins Prisoners to Fort St. George in order to receive their Trial, and the four Lascars who are the principal Evidences; with the Depositions, and Examinations of the several Witnesses which are enter'd in our Consultations, and We beg leave to refer your Honr. &c. thereto. Sloop Expedition which was lying in the Carang at the time of their running away, was so leaky that She sunk at her Moorings, and was much shaken, and broke before we could get her up: which was a surprise to Us, considering how well She had been newly refitted but when We came to examine her, we found a great many Holes bored thorough her Bottom with a Spike Gimblet, and the Oakham forced out of her Seams, which we suppose must be done by these Pirates to prevent our pursuing them. We have since the Montague's Arrival had her survey'd by Captain Keat, his chief Mate, and Carpenter who have given in their Report that she would require a greater expence to repair her than She is worth, therefore we have order'd her to be disposed of at Outery, as she can be of no further service to Us and the Experiment Sloop which the Lascars brought back was on the 2<sup>d</sup>. of September last struck upon the Barr of Sillebar River, and broke to Pieces: the Cargo of Pepper that was [on her] was all saved as also some part of the [Arrack] which we have likewise order'd to be put up at Outery, which will determine the expence of the Experiment, and Expedition Sloops. We have made an Estimate of the Expences it stands y<sup>r</sup>. Hon<sup>ble</sup>. Company in, in keeping of Sloops for their Service, and find it comes out about three Dollars and eighty nine cash  $\varPsi^r$ . Ton exclusive of the first cost of the Sloops, as by our Accountant's Report given in Consultation of the 22<sup>d</sup>. September and think it our Duty, and their Interest to build no more Sloops on their Account. The Deputy Goverour having two new Vessels built by Cap<sup>t</sup>. Keat's Carpenters which he design'd for his private trade, and bringing Pepper from several Places where the Natives have no Tombongons of their own, and he proposes it as a service to the Company, and some benefit to himself, to ship all their Goods at this Place for one Dollar a Ton according to their Tonnage, and from Sillebar to this Place or abord Ship from thence, at one Dollar, and a half  $\varPsi^r$ . Ton by which they will be at a certain expence, and it will not cost them half the Money, but with this Proviso that they will entertain a good experienc'd European as Gunner's Mate in our Gunroom, who shall always go in his Boats when their Effects are on board them, and he proposes to take off the Expence of the Gunroom crew, four Lascars into his Service, which we have agreed to, being sensible it is for our Hon<sup>ble</sup>. Masters advantage, and they will be the same Men at all times upon the coast when there is Occasion for them, and we wait for your Honr. &c. a's approval or further Directions what We are to [do in] this Affair.

4. The George having damaged several Bales of Goods licensed by your Honr. &c., and the Captain complaining She is very leaky in her upper Works and had lost part of her Sheathing! We permitted him to go to Sillebar to refit, She went thither the 8<sup>th</sup>. of Nov<sup>r</sup>. and returned the 29<sup>th</sup>. We shall always be observant of the Orders your Honr. &c. are pleas'd to give with relation to the Ships which come from You, and not spare them any Stores here; unless we are well assured they are actually wanted.

5. Cap<sup>t</sup>. Montgomery of the Marlborough complaining of his Cables, the Suprvisor, and Council thought it proper to let her have a Europe Cable out of our Godowns which weigh'd forty six hundreds three Quarters, and twenty seven

$\frac{\varnothing}{\varTheta} \frac{qrs}{qns} \frac{lba}{lbs}$   
Pounds 46. 3. 27 but on condition if She did not make use of it, it should not have been charg'd her, but not being return'd We take the Liberty to Credit our Place for it; two hundred, and forty seven Dollars, two Sucas, and seventy cash \$247. 2. 70 as it stands on our Books.

6. We beg when your Honour &c. send Us the small Boats You intend Us, You will be pleas'd to send Sails, and Rigging all made, and fitted for them, as also small Anchors, and Grapnels with Haulsers, as we make it a Custom of fetching the Pepper from the Quallos, they are much wanted. The Weather has been so stormy that the George has twice parted her Cable, and prevented our sending on board her or We should have dispatch'd her a great deal sooner.

SECONDLY CONCERNING GOODS FROM EUROPE OR FORT ST. GEORGE.

7. The twelve Chests of Treasure by the Montague came out right in weight and by Tale amounted to Dollars forty eight Thousand two hundred, and two, and Seventy five Cash \$48202 75 which We have duly brought to Account the Stationary Ware came out right but the chest of Medicines sent Us was very bad, and several things deficient as Dr. our Doctor's report enter'd after Consultation of the 29<sup>th</sup>. July which occasion'd Us to request of Cap<sup>t</sup>. Keat a few of his Medicines which We very much wanted.

8. The Stores, and Salt by this Ship came out pretty well as by our Storekeepers report enter'd after consultation of the 9<sup>th</sup>. Instant, and the Wares turn'd out right.

9. The Salt your Honour &cā. send Us is not half Sufficient for the consumption of the Inhabitants We are to [serve] wherefore we beg leave You will permit Us to send the next Europe Ship to Fort S<sup>t</sup>. Geo: to bring Us a sufficient Quantity at once, believing if She arrives here in the usual time, She can do that, and return again soon enough to be loaded for England, but it may be, we may have occasion for a Sloop or some other Vessel to collect in the Pepper together againt the Ship's return; We humbly offer this Proposal, but shall be guided by your Hon<sup>r</sup>. &cā's better Judgment.

10. We are sorry You have no Pistols to supply Us with, they being very much wanted by our People who go the Surveys, or to receive the Pepper at the Quallos, they being more handy, and lighter carriage than Firelocks, and We not having one pair in the Garrison good for any thing.

11. We request You will be pleas'd to send Us a good Quantity of Mortivan Jarrs, which will be of great service in keeping of Arrack, and prevent the great Leakage, and waste there is in keeping it in casks, but as this Ship is but small we desire but a few by her, but hope if your Hon<sup>r</sup>. &cā. permit us to send the Europe Ship You will by her send Us a good Quantity.

12. The copper cash your Hon<sup>r</sup>. &cā. sent Us were very much wanted, and We beg the favour of Another Supply.

13. We having given Certificates for Mony belonging to deceased Persons Estates lodg'd in our Cash Chest makes Us have more Cash than We think We shall have Occasion for, therefore We now send You five Chests, Seventeen Bags of which contain by Tale 17000 Doll<sup>rs</sup>. poizing 1231 lb. oz. dwt. 7 15 the other three Bags being License Mony poiz 210: — 5. which at 17 6  $\frac{1}{2}$  Doll<sup>r</sup>. makes \$2998. — 47 cash so that there now remains \$28819 2 43 whereof \$4985. l. 21 is deposited Mony.

THIRDLY TOUCHING INVESTMENTS.

FOURTHLY CONCERNING THE COUNTRY GOV<sup>RNT</sup>.

14. We have examin'd the Error Your Hon<sup>r</sup>. &cā. mention to be in our Invoice sent by the Marlborough, and instead of 139 Muskets You mention We find but 39 in our Invoice Book, charg'd at 117 Dollars, and We believe it proceeds from an error of the Pen, which We shall be more careful of in future, the 18 Carbines were only Barrels, which caus'd the Mistake.

15. According to your Hon<sup>r</sup>. &cā's Orders in your second Paragraph under this Head, we shall duly observe your Directions relating to our Sugar Plantation, and send you herewith in the Packet an Account of the Expences, and producse since we have had it in our Hands. We are sorry to see it is no better, and beg leave to assure You, it is not for want of our care, but for want of ripe canes to supply our Sugar Mills, and to keep our Stills imployed, which We endeavour to remedy by planting of Canes, so as to have them ripe one Crop under another, it is impossible to get any great Quantitys planted without a great many more Slaves, and People, The Malays whom the Suprvisor contracted with to fence, and clear

the Ground has been of some service, having by that assistance planted Six, and thirty thousand Canes, and are now busy in clearing of more Land, since the running away of George Weddall in the Sloop, We have put in Serjeant Colhune to reside at the Plantation, he being a sober, and careful Man, whose Busiess is to see the Slaves are kept at work, and to see there is no embezelment made, and according to the Liberty your Hon<sup>r</sup>. &ca have now giveen Us, We have taken him off our Military List, and charged his Wages to the Plantation Expences, We having no Body here fitter whom we can trust. We have exchang'd our Sugar Boiler for another, who has something mended the Sugar, and has made some Sugar candy which We now send You together with Eighteen Canasters of Sugar as Dr. Invoice, We fear the Sugarcandy is not good enough to auswer the expence, and trouble being above twice as costly as Sugar, therefore We shall not make any more of it, without your Honour &ca's orders, M<sup>r</sup>. Rigg still continues overseer of the Plantations, and We beg leave to assure you, that He, and some of Us are frequently down there inspecting the Works, and to see what progress is made from time to time, and can assure You considering the small number, and the Badness of the People, there is a great deal of Work done Our Cooper having been in the Hospital this long time, and now past all hopes of Recovery makes Us request of your Hon<sup>r</sup>. &ca. if You can, to send Us a cooper having no Body here, that can set up a cask, which obliged Us to request of Cap<sup>t</sup>. Keats Cooper to trim our old Casks, and set Us up some new ones, which We can make a Shift with, till We can get a Supply of Jars.

16. We have disposed of Jibb's Things at Outery, and credited him for the Stock, and Utensils belonging to the Plantation as Dr. the Account Current sent by this Packet, by which he still remains Debtor Dollars Six Thousand Six hundred

<sup>ea</sup> Eighty six three Sucas 27 and we believe our Hon<sup>b</sup>le. Masters are never likely to get any thing more of him, We keep him still confined to the Fort although he seems very willing to do any thing You shall order, and begs He may be sent to Madrass, or St. Helena, rather than be exposed to the scorn of his Country men. He offers to be employ'd as your Servant in the Plantation, promising faithfully to be careful in the managing that Business as much as if it was his own, We are very much in want of a capable man who understands that Business, and We know him to be such, but We are almost afraid to venture him there, unless We had your Permission for it, lest he should make his escape, and We be blamed for it, and We wait for your Hon<sup>r</sup>. &ca's further orders what to do with him.

17. We have built a House at Laoy to receive the Pepper in for the Company, and have made a Trial of sending for their Pepper, and hope to find a great Benefit by it hereafter, expecting We shall never want for Pepper if this encouragement is put in Practice, their custom was to sell their Pepper for five Dollars a Bahar, of two hundred Bamboos, and We find it answers the expence of giving them eight Dollars a Bahar of one hundred, and fifty Bamboos, which turns out when garbled, almost as exact as if weigh'd in the Scales, if the Pepper be good, besides the aforesaid encouragement We send them Salt to be exchang'd for Rice, which we take care to distribute in small Quantitys to those who have Pepper Plantations, which will prevent their coming up hither, and leaving their Plantations, We find some of the leading men who got this exorbitant Profit on the Pepper as abovemention'd, have under hand been endeavouring to frustrate our good Intentions, in doing the same at Polley, Saloomah &ca., but the satisfaction We have given the People of Laoy, makes Us not doubt but the People of the other Quallos, when they see how beneficial it is to them, will request the same of Us, and we shall be sure to encourage them, believing it much for the Company's Benefit as well as their's.

18. We are very thankful for the Liberty you allow of sending Bugeses, and Arabs to go the Surveys, We have been very hard put to it to find Europeans to do it, having almost kill'd Serjeant Perrey, and much impair'd the constitution of others who went on that Service, We now send in the Packet the Several Surveys in the Method your Hon<sup>r</sup>. &ca. have directed, and shall continue for our own Speculation taking the Account as formerly. We use our utmost endeavours to spur up our Pangarans, and governing Men to their Duty, and that very often,

perswading them to exert their Authority over their People, making them sensible how much it is for their real Interest to discountenance, Gaming, and cockfighting, & how advantageous the increa[se] of Pepper is to them, putting them in mind of the additional Gratuity promised them when they come to perform their contract, and hope our Labour is not lost upon them, there being a very great increase of Pepper, we make it our chief Study to put in Practice the Directions sent Us in a Letter from Moco Moco by our Supravisor, which we are very sensible are full of friendly care for our Welfare, and much for the Interest of our Hon<sup>ble</sup>. Masters, and shall accordingly make frequent Surveys as We have now Liberty of doing it with Buguses, and Arabs.

19. We have not been able to take the Survey of Manna by reason of the Death of Pangaran Megong Boomy, and his Son Radin Pacoon who was to have succeeded him, so soon as we hear'd of their Deaths, We sent Buguses to secure the Pepper, but the Country was so much involv'd in troubles among themselves, that We thought it proper to send Dattoo Ammass, to Bcchar with them, and decide their differences, which has had so good an Effect, that he writes Us word the Country is in Peace, and the Pepper Plantations in good Order, and that he has already got at the Quallo about thirty Bahars of Pepper, and expects more; he designs to come back, and bring the Proateens, and Head Men with him, in order to chuse a Pangaran in the Room of Megong Boomy deceas'd, Pepper grows exceeding well in that Country, but for want of our immediate Assistance to protect the Governing Men, We fear that Place will never turn to any great Account, unless we had a Residency there, which would be very convenient as being on the Frontiers of our South<sup>wd</sup>. Bounds.

20. Last January died Pangaran Neore, but as that Title of Pangaran was [u]surped by him in the absence of the English, We have only admitted his Son to be called Raja Calippa, which was the Title belong'd to his Father. We promised him if he would exert himself in planting Pepper, We would recomend him to y<sup>e</sup>. Hon<sup>ble</sup>. Company, and your Hon<sup>r</sup>. &c. to be made Pangaran of Neore as in consultation of the 20<sup>th</sup>. February, but are sorry to find he does not deserve it.

21. About last April came down an Imposter from Pallambang pretending to be Padre Penjamma come to life again, whom M<sup>r</sup>. Cooke beheaded in his time, whom a great many ignorant People in the Country believed to be him: so soon as We heard of it, We sent some Buguses, and turn'd him out of our Bounds! but Siddy Brian lighting of him as he was going over t'other side the Hills, he not returning him the Compliments in the manner he expected as a great Man, and the Son of a Prophet, he likewise told him to make his Prayers to him for that He was god, and could die and return to life again when he pleas'd! upon which Blasphemous Expression, Siddy Brian was so incensed that he order'd his Head to be cut off, which We believe has prevented some Disturbance he might have made, notwithstanding We are at Peace with Siddy Brian, and the Eight Dusans We are obliged to keep a watchful Eye over them being a Nest of Thieves, and Villains, and He has of late been on the other side of the Hills to a Country called Billy Booky under a pretence of doing Justice (as he calls it) among them by setling the People's Debts, and Quarrels, but it is our Opinion it was to plunder and get mony out of them, he having brought from thence some Mony, Slaves, and Debtors, and We daily expect they will come to complain to Us about it, and desire our Assistance, but We shall be cautious what We do, lest We should Involve the Hon<sup>ble</sup>. Company's Affairs which are now in Peace.

22. We observe the Orders concerning the planting of Coffee, and with a great deal of Perswasion, have agreed with Dupatty Abdelmomen at Bencoolen to make a Plantation, We are to allow him for the Coffee thirty Dollars  $\text{P}^r$ . Bahar of five hundred, and sixty Pounds, and to allow the Pangarans one Dollar  $\text{P}^r$ . Bahar gratuity if it meets with your approval! he talks of Planting twenty thousand Trees, which we shall be glad to see! but if he finds a suitable Proffit, We beleive it's not unlikely but he may, being capable enough to do it, having a great Stock of Buffaloes belonging to him, besides Slaves, and Debtors in abundance, We cannot give an Estimate of the Expences, nor the Particulars relating to the planting of

Coffee, untill somebody has made a Trial, Our Padres have several Trees growing in their Gardens, They tell Us the best way of improving it, is, to let the Berrys drop off the Trees, and lay upon the Ground, under the Trees which will shoot up into a Plant of five or six Inches high in about two Months, and then it's proper to take them up, and replanted about two feet distance asunder, where they may stand a twelve month, when they will be about two or three feet high, after that they are to be planted about eight feet asunder, for a full do, and will begin bearing in six Month's Afterwards, and in three Years come to Perfection, but what Quantity a Tree will bear We cannot be certain, but they judge about Seven or eight Pounds a Year, and at all Seasons affords Blossoms, green Berrys, and ripe Berrys, which have when ripe a red Skin, and sweetish Pulp over them, under which is a thick, tough Husk, which incloses the two half Berrys of Coffee, which must be dry'd, and beat to cleanse it, We shall endeavour to get others to plant, and should be very willing to do it on our own Accounts, was not our Lives so uncertain, and our Stay here so precarious, but had We a few more labouring Slaves to clear the Ground, it would be worth the Company's while to have a Coffee Plantation, and it would employ the old decrepid Slaves and children in gathering, and drying Berrys, and cleaning the Plantation, but at present our Slaves are so few that they are hardly capable of doing our common Business.

23. Sultan Seree Gondom Shaw continues as hearty in the Company's Interest as ever, and has as your Hon<sup>r</sup>. &c<sup>a</sup>. will perceive by the Surveys, very much increased his Pepper Plantations in his Kingdom, and We have had cut of his  
 Bah. lb.  
 Country this Year 421: 290: four Hundred twenty one Bahars, 290 P<sup>ds</sup>. which is now on board the Montague.

#### FIFTHLY AS TO BUILDINGS, FORTIFICATIONS, REPAIRS, AND REVENUES.

24. We have since the Supravisor's Departure compleated the Row of Buildings along the N : E<sup>t</sup>: Curtain, excepting one Lay of Terrass Bricks, with a coat of Chunam, which is wanting over all, not having any Corrycoys, which We much wanted to strengthen our Chunam, having no good Jaggery, being obliged to use our Plantation Molossus instead thereof, which is not altogether so good as Jaggery, therefore We request you will send Us ten Candys of good Vizagapatam or Ganjam Jaggery; notwithstanding the Want of these Ingredients our Terrassing keeps out the Rain pretty well, and We now make use of this Row of Buildings, which consists of two Cookrooms, a handsome Armoury and a very good case of Arms, on the East side of the back Gate, and the other side contains a large Gun Room, with a Lodging in it for a Gunner's Mate, with a small Brick'd Magazine for security for a Barrel or two of Powder, with the Shels and Cartridges to be kept at Hand, and prevent so often opening of the great Magazine, Adjoining to this is a Godown Sufficient to hold all the Garrison Stores, it's floor'd, and Lined with Boards [for] the securing of them, from Rust, and Damage. We have sunk under the flooring sixteen Mortivan Jarrs, which is all we could spare for that Purpose, and have made Scutles to come at them when We please, and they will hold about Seven Leagues of Arrack which We keep as a reserve in case of any Accident; over the Gateway, We have built a Warehouse, and lined it with Boards for the better preserving of the Goods, and in a little time more, will be dry enough to lodge the Wares in The Barracks, and Guard Room along the South East Curtain, We have been obliged to new terrass, by reason it was not rightly done for want of Persons who understood it, but We are not able to compleat the last Row of Terrass Bricks for the reason aforementioned, notwithstanding what is wanting of being compleated Our Terrassing proves pretty tight, and good the churam being made of Shels, which We bring from the Island, We have also at the end of the Barrack Verander run up a small Cockhouse of Brick, and terrassed it, which We very much wanted for the Security of Criminals, and made a pair of Navel Stairs out of the Court of Guard into the Captain's Lodgings with a nich underneath for the Water Jarr [to] stand in for the Soldiers, and order'd [the] commanding Officer on Duty to see it [kept] clean, and wholesome, and fresh fill[ed] every day.

25. We have made out of the Brieks of the old cook Room that stood without the Fort, and was in danger of falling ; a commodious Smith Shop, and cover'd it with Tiles which We very much wanted, being obliged for want of one to employ the Chinese which We found very expensive, We have placed it at the foot of the Hill between the Fort, and the Waterside Business We can assure You it is a good, and cheap Building, and hope for your Honour &ea's approval.

26. We have also for the Preservation of our Slaves, and Shipping People built a Platform in the Carang in the form of a Bridge, of Sixty feet in length over the Water for loading, and unloading our Boats, whieh has cost the Company between forty, and fifty Dollars, and have the Pleasure to observe by our Doctor's Hospital List, that there is not above six, or Seven Slaves in the Hospital at this time : whereas there generally used to be between twenty, and thirty, We find it vastly advantageous, that Work being now done with great Expedition, and little trouble, and the biggest Boat We have, can lay along side it, and take in her loading, but as We find it answers so well, we are intending to make a crane at the End of [it] which will cost about as much more, which added together is not the Price of one good Slave, although in time it may be the preservation of a great many, and We perswade our Selves We shall have your Honr. &ea's approbation thereof. We have also done another Affair of this Kind whi[eh] is an additional Strength to the Fort, and the Preservation of our Healths ! by making a Causeway, cross the Swamp opposite to the East Bastion, which surrounds greatest part of the Fort, by stoping the Water, and has made it a deep Moat in lieu of a nasty Swamp which We are going to stock with Fish for the good of our Garrison, and believe they will thrive very well, there being Springs on a higher Ground which keeps it constantly overflowing with a small Stream of Water ; We agree'd with Dupatty Abdelmomen at Beneoelen to do it for one hundred Dollars who has had a very hard Bargain of it, it being as much work as we believe would have cost us four or five hundred Dollars, had we done it our Selves.

27. The Walls of our Fort were so very low that our Soldiers, when Sentinels have got over them to fetch in Arrack, and return'd again to their Posts unobserved, especially over our North Bastion and the Paggar of the West Point of our Fort, and although they have been severely punisb'd for it, the easy access, has tempted them to it, for which reasons We have employ'd our Slaves as it suited best with our conveniences, to dig an Intrenchment round our Fort, in some Places as deep as the Foundation of our Walls would permit with safety and of fifteen feet Width which has made our Fort Walls of a Tolerable Heigth, and We intend as your Honr. &ea. have permitted Us to make the West Point secure, and defensible, to clear away the Paggar, and continue this Intrenchment from the two Points of the North West, and South West Curtains, and on the old Wall between, which now makes a kind of half Bastion. We shall raise a small Parapet thereon, which will cost less than repairing the old Paggar, which is almost rotten, and although it will not answer to the Line of Defence, still may be security enough to prevent our Soldiers from getting over, and against any force the Malays are capable of bringing against Us, and will give a much better prospect to that part of our Fort.

28. Our Old Timber Shed which the Suprvvisor knows was in a very bad Condition, when he left Us, is since fallen down, and We having a good Quantity of season'd Timbers, and Plank remaining, and no place to put them in, We thought it adviseable to build another of a smaller Dimension out of the old Materials, and has been of very little more Expence than the Coely hire, Attops, and Bamboos, Your Honour &ea. will perceive by our Accounts that We have been diligent, and frugal in the doing of all this Business with so few Slaves and what We have done is Substantial, and as it ought to be, being done by the Direction of our Deputy Governour. We have likewise begun to employ one Joseph Coles (whom the Hon<sup>ble</sup>. Company sent Us out on the Montague) in making of Tiles, and by all appearance he can do it very well, having been brought up some time in England to that Business ! what few He has made are seemingly very good, but not yet dry enough to burn ; We hope it will be of Benefit by tiling our out Buildings, and several of the Inhabitants will be glad to buy them, to cover their Houses on Account of the frequent Fires that happen.

29. When our Shipping Business is a little over, and our Slaves at Liberty We shall make an end of our Terrasses &ca. in hand, and begin upon the Foundation of the Lodgings for the Company's Servants, and the Hospital according to your Hon<sup>r</sup>. &ca's Orders. The Limber Buildings are a continual expence in Repairs, and We were obliged to new cover the China Buildings on the S. E<sup>c</sup>. Curtain, the old Warehouse being in the roof of it, which will preserve them a little longer, the Deputy Gov<sup>r</sup>. House is not in a much better condition being rotten in the Foundation, and wants securing.

30. We have lately found a failing in the Roof of our Pepper Godowns, the Floor of the Lodgings over them being sunk above three Inches, and the two Ends of the Roof which are Perpendicular, and exposed to the Weather quite Rotten, which We must repair now the Godowns are empty, being necessary to be done before We can safely trust the Pepper therein, and will prevent a greater Expence if neglected longer.

31. The Suprvisor when at Moco Moco gave Orders to the Resident to repair the Paggar belonging to that Factory, and raise the Points, and directed it to be done when our Coffrees came there to garble the Pepper, which is now about, Upon the closing of his Books, he desired Liberty to write off several Things which were useless, and worn out, also the West Buildings, there being nothing remaining of them standing, We permitted him to write off those things which were lost, and worth nothing, and what would sell to be sold at Outery which amounted to but a small Value, but the West Buildings standing on the Hon<sup>b</sup>le. Company's Books, upwards of four Thousand Dollars, We could not permit him to write that off without first Liberty from Your Honour &ca. or Orders from England.

32. The Arrack, and Opium Licenses for this Place, and Moco Moco were put up as customary at Outery for this Year, and Mr. James Jeddere being the best Bidder had the License of this Place for two hundred, and thirty five Dollars P<sup>r</sup>. Mensem and that of Moco Moco for fifty five. We are apprehensive they will not let so well another Year, the Farmer declaring he is likely to lose by it, there being not so many Bugueses in the Company's Service as formerly, which occasions the consumption of less Opium.

33. We agree'd with the Noquedahs of the Java Prows to give them twenty five Dollars P<sup>r</sup>. Cogan for Salt, according to our Suprvisor's Directions! but it was so dear at Java, that they could not afford to bring it, and We have been obliged for want of Salt, to buy our Rice, and Paddy for the use of our Slaves, and Plantation. That License can not be let for want of a Sufficient Quantity of Salt, and must continue as our Suprvisor left it when he went away, We have discharg'd the Rent, and paid for the Salt Godown, One hundred, and ninety two Dollars according to your Hon<sup>r</sup>. &ca's Orders.

#### SIXTHLY TOUCHING FACTORS, WRITERS, OFFICERS, AND THEIR ACCOUNTS.

34. Pursuant to the Liberty granted Us We herewith send Your Hon<sup>r</sup>. &ca. Certificates for the amount of Dollars Six thousand eight hundred Sixty seven three Sucas 51<sup>st</sup>. being the deposited Estates of Deceased Persons that are made up, and have transfer'd the Account of those Estates to Account Current Fort S<sup>t</sup>. George, We have likewise given our Certificate for Dollars fifty eight two Sucos, and fifty cash to Mr. Morse's Attorney for Account of the Estate of Julius Gollop deceased as also our Certificate for Dollars seven hundred pzs. [lacuna] to the Trustee of Captain Willim Maskelyne deceased, which We have likewise transfer'd to Account Current Fort S<sup>t</sup>. George, and beg You will please to discharge the same when demanded.

35. Mr. Lennox Trustee to the Estate of David Carnegie Esq<sup>r</sup>. deceas'd has made a farther dividend of one Eighth of that Estate, and when the other eighth is compleated We shall take care to demand the Legacy left the Hon<sup>b</sup>le. Company by Mr. Carnegie.

36. We return your Honour &ca. Thanks for sending Us Edward Louis, Serjeant, and Seventeen Topasses, who all arrived in good Health, and We shall observe their contract of allowing them their [dis]charge at the expiration of three

Years [if] they desire it. We have given Fort St. George Credit for One hundred, and thirteen Pagodas Seventeen Fanams Pag<sup>s</sup>. 113 17 advanced them, and have paid Captain Pye Dol<sup>r</sup>. two hundred and twenty three, two Sucos, and fifty cash \$228, 2, 50. Diet Money, We have also receiv'd the Slave, and credited your Presidency thirty Pagodas Pag<sup>s</sup>. 30, accordingly.

37. Se Allee, and the fourteen Arabs all arrived in good Health, and is a noble recruit to Us being but weakly man'd before, He says he was promis'd at Madrass that his Pay should be eight Dollars  $\frac{3}{4}$  r. Mensem which We cannot permit without your Hon<sup>r</sup>. &ca. Orders, and promis'd him if it was so, he should have his Arrears.

38. The Hon<sup>ble</sup>. Company have sent Us Mr. Thomas Yeates Factor, who is at present employ'd under our Secretary, and We hope will make our Hon<sup>ble</sup>. Masters a good Servant.

39. Thomas Joye, and Michael Swarez the two Monthly Writers Your Hon<sup>r</sup>. &ca. sent Us, We hope will be of good Service The former We have sent to Moco Moco to Mr. Greenslate, whom We have directed to stop forty one Pagodas, thirty one Fanams, and sixty five Cash Pag<sup>s</sup>. 41. 31. 65. out of his growing Pay, and to instruct him in Business, believing he is more likely to have his Health there, than any European, Mr. Charles Savage monthly Writer who went Assistant to the Resident being frequently indisposed since his going the Survey of Munko Rajahs Country We were obliged to send him not having any Companys Servant, We could spare so fit for that Employment; He writing a very good hand and gain'd a great deal of the Malay Tongue, We have appointed Michael Swarez to assist our Secretary, and shall see him strictly employ'd, and hope he will prove a good Assistant in time.

40. Mr. Edward Amyand returns your Hon<sup>r</sup>. &ca. Thanks for continuing him in the Gunner's Employ, and promises to discharge his Trust with Diligence, and Fidelity, and chuses to stay here rather than go to Bengal to serve out his contracted time in the Military, He has been very serviceable in going a Survey to the Southward, and also in receiving the Pepper, at Laoy Quallo, We should not send our Gunner on such Business were we not in want of Persons whom We can trust to receive, and pay for the Pepper, and see the Natives have Justice done them.

41. Since Dattoo Twassie has been Captain of the Bugueses, they have been very obedient, and Serjeant Curlieu laid down his Arms, and made his Submission to the Deputy Governour, The Head Bugueses Pangarans &ca. being Security for his good behaviour, We gave him his Pardon, and he has since been at Manna, and married Pangaran Megong Boomy's Daughter, and likewise the late Sultan Bleheim's Widow. He has been of Service to Us in taking care of the Pepper, and Company's Affairs at Manna but We have not allowed him to be taken in to the Service again, notwithstanding the Buguese Officers are very solicitous with Us to entertain him. There being a great many Buguese formerly dismiss'd the Service, and now out of Employment makes them very pressing to get more into Pay, and We are obliged to put them off with excuses, and telling them We will write about it.

42. Mr. Lennox returns your Hon<sup>r</sup>. &ca. Thanks for the Liberty You are pleased to give him of staying at Marlborough.

43. Mr. Joseph Goddard returns your Hon<sup>r</sup>. &ca. many thanks, and embraces the Liberty You are pleas'd to grant him of going to Fort St. George for his Health, and now takes his Passage on the George. Mr. Perrey pursuant to your Honour &ca. Orders has taken the Secretary's Employ in Mr. Goddard's absence and returns your Hon<sup>r</sup>. &ca. his Hearty thanks for the preferring him to that Station, and promises to be very faithful, and Diligent in his Business, and We hope He will make Us a good Secretary. He is very assisting as Linguist, and has been very diligent, in the Accountant, and Paymaster's Business which was appointed him.

44. Cap<sup>t</sup>. Keat has been very assisting to Us on all Occasions, and We are beholden to him for his help in Building our Bridge, and doing our Waterside Business, he having taken the trouble to direct that Business himself or We could

not have made such Performances, He has spar'd Us one of his best men to be Gunner's Mate who is not only to act in the Gunroom but also to take care of the Boats when the Company's Effects are on Board them, He has also spared Us his Armourer, who is a good Workman, and has been Master of his Business in England, and is to learn our Slaves how to clean, and mend our Arms, He will not contract with Us for any time, but stays at fifteen Dollars  $\text{P}^{\text{r}}$ . Mensem.

45. M<sup>r</sup>. Gee not having his Health in the South East Monsoons, and being of a Weak Constitution desires Liberty he may return on this Ship to Fort S<sup>t</sup>. George having served near the Customary time of three Years in this subordinate Settlement, Which We have consented to, and hope We have not done amiss therein. He requested an Allowance for his Expences on the Voyage, But having no President of this kind for our Guidance, We agree'd to refer it to your Honour &cā's Determination.

#### SEVENTHLY TOUCHING ACCOUNTS.

46. Agreeable to the two Paragraphs sent Us of the Hon<sup>ble</sup>. Company's Letters to your Honour &cā. directing to send all the Original Papers relating to Mess<sup>m</sup>. 47. M<sup>r</sup>. Newcome returns your Hon<sup>r</sup>. &cā. thanks for the answer to the Bill of Chancery, which he will send by the Montague, and We return You the Draft in y<sup>e</sup> Packet.

48. The three Lascars We now send as Evidences by this Ship, have receiv'd of Us two Months pay advance to provide them necessarys for the Voyage.

49. We do all that lies in our Power to be as saving in our Expences as possible, Our Charges Extraordinary are but low, and Account Repairs but small in comparison of what is done, We employing none but Slaves in our Hon<sup>ble</sup>. Masters Business excepting it be in Works which they do not understand neither have We put the Company to any great Expence in Presents giving none but what We esteem well laid out, and We hope what We have allow'd to those Persons who have gone the Surveys will not be thought too much for their Expences it being a very fatiguing, and dangerous Undertaking.

50. We send our General Books Letter H commencing May the 1<sup>st</sup>. 1729, and ending Ult<sup>o</sup>. April 1730, also a pair of Books of Moco Moco Settlement Letter A commencing Primo May 1729, and ending Ult<sup>o</sup>. ## SUPPLEMENT.

We should have dispatch'd this Ship a Month sooner had not the Inclemency of the Weather prevented by our Boats being several times blown away to Lee-ward, and the George having parted, and Stranded all her Cables, We were obliged

to give her a Cable, We had left in our Stores poizing 46 : 3 : 27 : which stand in  
our Books charged, two hundred forty seven Dollars two Sucos, and Seventy Cash  
\$247 2 70 and We must beg your Honour &c. will send Us another supply of  
Cables as  $\Psi^{\text{n}}$ . Storekeeper's Indent, not having one left to save a Ship in case of  
Necessity.

We beg that the Gunny Bags indented for may not be so large as formerly sent Us nor the Gunnys so slack a considerable Quantity of Pepper drops thorough, and they often burst with the Weight. Bags which contain about five Markalls are fittest for our Use.

We have order'd the Ship to touch at Moco Moco, and have sent by her for the Use of that Settlement one Chest of Treasure with six Coyans of Salt &c.

We have almost compleated loading the Montague, and have Pepper here, and at Sillebar more than sufficient to load Her and so soon as the Weather will permit Us to ship it on Board, We are determin'd to dispatch her for England, and hope it may be all performed in ten days time. There is more dry Pepper remaining on the Coast which We shall endeavour to collect together so soon as the Ships are gone.

Upon the Closeing this Packet Mr. Goddard Secretary brought us the Copy's of our Consultations in such a Shameful Condition as we are now Oblig'd to send them not haying time to have them fair. Copied over As Mr. Gee can inform Your Honour &c. We shall take care to see they go fair Copied & Correct to England.

From Cassimcoat We have [had] advices of Subbannah's Death (to which We  
can not give over much Credit) & We [were] in hopes it would have put an end [to  
the] troubles in the Country ; but We hear [it for] certain, that Hadge Hussein  
designs [to come] into these parts shortly, having [as it is] [reported] an old Demand  
on An[andrauz] & Naran[du] for money taken from [him] in former times, which  
has made the [rich] People already leave their habitation [until] they see which  
way he marches, & [what] design he is upon. Should he come [to pay] his Devotions  
at our Mosque (as[tis] much to be fear'd he will) it will [create] us a great deal  
of trouble, for his character in these parts is so very bad, [that] his greatest friends  
cannot rely upon [what] he says ; On which Acco<sup>t</sup>. We shall take all the care possible  
that he pu's none of his ill designs in practice upon us.

Herewith enclos'd we send our Cash & Paymasters Acco<sup>t</sup>s. with our Diary's  
& Consultations for the last three months. The State of our Cash at present is at  
a very low Ebb, & our Garrison is now on the fourth month in Arrears, which makes  
us to humbly request your Hon<sup>r</sup>. &c<sup>a</sup>. will send a Supply [with] which will enable  
us to carry on the Investment, if Troubles in the Country [do] not prevent.

HON<sup>BLE</sup>. S<sup>r</sup>, & SIR'S,

The 19<sup>th</sup>. Ultimo I paid my Duty to your Honour &c<sup>a</sup>., advising how I had made an end of the trouble the Sagee gave.

Cotton now begins to grow cheaper [and] if We have no rain this month, it will be of vast advantage towards having a large Crop.

Cloth begins to come in as your Hon[our] &c<sup>a</sup>. may perceive by the Acct. at the foot hereof, and the Merchants call plentifully for money, which gives me hopes of Enlarging my Investment Considerably, Though there is a report the Dutch are going to settle at Corango, a place about three miles to the Northward of our Barr.

It has been talked for some time, that Subbana is dead, but I dont hear any thing for certain, nor is Hage Hussain upon his return but is gone a great way over the Hills, and through the Woods.

I hope your Hon<sup>r</sup>. &c<sup>a</sup>. will please of Causeing me to have a supply of Cash, so as not to lay still for it, in the Investment, and that you will please of Ordering one Thousand Pagodas, to be remitted in Rupees for the Disburstments of the Charges of this Residency.

Your Favour of y<sup>e</sup>. 18<sup>th</sup>. of April, with inclosed Copy of M<sup>r</sup>. Spits Letter to your Hon<sup>r</sup>. reached me the 29<sup>th</sup>. according to the Advices therein, your Hon<sup>r</sup>. &c<sup>a</sup>. seem to be of Opinion that I should immediately quit this Coast an[d put out to] Sea, I could wish at the same time, you had been pleased to have mentioned any Port that I might put for, to supply myself with Water, & other necessarys, & also to lay at, in safety, till a Proper Season for going about the Cape of Good Hope Offers, the S<sup>E</sup>erly monsoon being now so far sett in, & the Current setting so Strong to the N<sup>o</sup>.ard, makes it Doubtful whether I should be able to reach Acheen Head were I now to Leave this Coast, of that Opinion are Capt<sup>r</sup> Pearce of y<sup>e</sup>. Dolphin Brigantine & M<sup>r</sup>. Goodwin of y<sup>e</sup>. Robert who are now in Company w<sup>th</sup>. our Ship and although both of them are bound to Acheen, are fearful of putting to Sea till they Turn along Shore as high as Negapatam. I have therefore w<sup>th</sup>. y<sup>e</sup>. Advice of my Principal Officers determined to Work up to Negapatam for these Reasons, first that if any Enemy should come on the Coast, by being so far to Windward, & under y<sup>e</sup>. Protection of the Dutch Fort & Shipping I might Judge my self pretty secure, & in the next Place [during] my stay there might receive certain Advices from your Hon<sup>r</sup>. &c<sup>a</sup>. of the State of Affairs in Europe & on y<sup>e</sup>. Coast, & also by your Recommending me to the Dutch Gov<sup>r</sup>. be supplyed w<sup>th</sup>. what stores we may Want, wh<sup>ch</sup>. will be severall, having by turning to Windward upwards of 5 Weeks not a little damaged our Cable & other Tackle.

Two Days agone a Large Ship Anchored in [ . . . ] Tranquebar Road, hoisting Dutch Colours. Cap<sup>r</sup>. Hanson has wrote me she came from Negapatam but doth not know for what Purpose.

HONBLE SIR & SIRS,

Your favour of 6<sup>th</sup>. Ultimo [came] to hand the 27<sup>th</sup>. Ditto.

It was agreeable to informe [your] Hon<sup>r</sup>. &c<sup>a</sup>. the conclusion of the affair with Sage, but in such a place, as this, somew[hat] always interfeers towards a disturbance.

Hage Hussain has a large [Army] and wants more money to mentain [them] than this Country can afford, We have had [a] Report some time agoe that the whole Country under the Rajahs, as well as the Moors was to be searched for those People that had been accessory to the stealing, or Receiving of any of the Effects, belonging to Dachram Town, upon Perusal of his Orders it was so writ, that upon any complaint [made] by any one (but dont say concerning what) The Town Renter shoud assist to the delivering of the Person Accused, or become security for him.

Ingeram was the first Town that was surprized, by Twenty four Peons, who came in the night, and Cunshum [Lingana] was seized upon for the first, by five in [the] morning, as I had advanced this man a great deal of money and no other Security then his Person, I sent to know the meaning, and the head Peon sent word he woud [enquire] & informe me, which he did (accompanied with two, or three more) about nine a clock, and brought Lingana with them, they said Hage Hussain had been informed Lingana had been the occation of a family of nine Peoples Death, and as I knew the man was innocent of the guilt of such a crime, Plainly told them the man was intrusted by me for a great deal of money ; and that he shoud not sturr ; upon w<sup>ch</sup>. those Peons, that came in, went out saying they woud have him by force, bringing their little Number of People to the door, where it ended in a Hubbub among themselves. They carried several of the Town People away, thô none that they could accuse of either stealing, or Receiving, stolen Goods, and in other places great Numbers have been carried away, but now the Rajah has order'd them to repell them, if they offerr by Violence to take any more, but what they find the Goods upon, or good proof they had stole any, and has wrote a Letter of complaint to Hage Hussain.

The head Peon in the afternoon requested that he might come to me, who, upon being asked what he wanted, he said, a Note signed by me, and the Renter (for fear I shoud be gone) that a Person shond be sent to Hage Hussain, to sattisfe him in the affair, as soon as he was upon his Return to Ra[. . .]Coatas (which is since done in a proper manner).

As this coud be of no detra[cction] to the Company, I consented (after some time) to the Proposal, as it was the lesser evil, [if] they had, had the Resolution of making an[y] force attempt, and by giving a Note I say[ed] my man, w<sup>ch</sup>. was the best security for upw[ards] of Two Thousand Pagodas upon Ballance and if I had sufferr'd them to have carried him away, it woud have been a great discredit to the Company, as also breaking a good Rule, of giving the Companys protection, to all depending on them ; The man [is] Responsable enough if an unusual charge shoud happen to be needfull. The story in short is—About six, or seven months agoe, in the night four men broke thrô a mudd Wall in the room where Lingana, & his Son was asleep, and without being discoverd had taken a small hand Escrutore, with about sixty Rupees, and three or four Pago<sup>e</sup>. in dubs, the weight made them beleive it was the booty they wanted, and only throwing two or three peices of cloth about the Room, went out, as they came in all undiscovered till the morning, in short the men were found out, taken, and whipt by the Goverment People, and kept of nights in a Godown of Lingana's, One of those people confess'd the truth, with many Circumstances, and what other places they had a design upon, Particularley the room I lay in, which being next the Pagoda, that was the way, they was to come, and had been twice under the Wall of the room, but the Fagoda wall being most all down, facing the street, as they said, by Peoples passing to and thrô, they was afraid of being discover'd, and if had, coud have no way to escape (by depending on their heels) the other three ways being stopt up ; One of them to whom the misfortune happen'd, being of a better family than the rest (but very poor) the shame of such a thing, being laid to their charge, the Wife, Mother, Sisters, and his own children, tyed their cloths together, and fell in Corango River and were all drownded, a Night or two afterwards (as the man was kept in Iron till he paid the money he had promised) he got up silently in the Night, and threw himself down a small well, and was drownded likewise ; One paid his share of the money, and the other as he swallowd his Linggum, a little stone Image that being as much as renouncing their G[od] it put Cunshum Lingana in such a fright that he let him loose, and this is all the Restitution a man can have for being rob[bed] and one I am oblidged to trust very larg[ely] sometimes.

Your Honour &c<sup>a</sup>. will please [to] observe, by the Account at the foot hereof, [I] have made a good progress, for the time of [year] in my Investment. I have still a great [deal] of money out, but for which, cloth comes [in] daily, and my Merchants are men of Prope[rt]y and I hope no danger of suffering by them, [but] the badness of the country Government, Ther[e]fore humbly request a timely supply of cash, that there may be no want to assist my Merchants as Needfully requires.

As I am in hopes of procuring a good Number of Bales, I take leave to request your Hon<sup>r</sup>. &c<sup>e</sup>. permission, for making some provissons for Godowns, The Nilla Pillee house and a thach house at Savaier, was were they kept the cloth last year, but the house at Nilla Pillee, cannot be of more service, Except a thorough Repair may be made, which may be done for about eighty Pagodas, and then will be better then it has been yet, by reason the floor will be paved, and the Wall of the inside chanam'd, which will prevent the whi[te] aunts, from coming out of the Wall, or Rising out of the ground, otherwise, new thach Godowns must be made, at a good deal less charge, (but more danger by Accident of fire) the old ones being all down. If it is your Honour &c<sup>e</sup>. pleasure, for Repairing the large Godown, I can begin to Embale the cloth early, otherwise I must let it alone, till the month of Decem<sup>r</sup>, and then the quantity of Bales I Expect by that time, will put one to some trouble to get the cloth thoroughly cured, and Embaled, to send up so early as your Honour &c<sup>e</sup>. may Expect them.

I am with the utmost Respect

HONNORABLE SIR !

I received yours and Council most worthy favours of y<sup>e</sup>. 3 May O : S : to this places Goverment and this serves for Answer y<sup>t</sup>. you are Pleased to mention y<sup>t</sup>. y<sup>e</sup>. Emperors Ship who lies here in our Road ought to be confiscated both ship and Cargo or at least to sequester both till we have sure Information Whither y<sup>e</sup>. Pass be right or not, Alone there is no Manner of doubt but y<sup>t</sup>. y<sup>e</sup>. same is right, otherwise I dared not Embolden my self to undertake such a Case, for it would be pretty hard for me to Answer to it hereafter and Especially seing y<sup>e</sup>. Ship does not belong to Any of y<sup>e</sup>. Emperors own Dominions but from that in y<sup>e</sup>. Romish Dominions lying free City called Franckfuert and it should follow that my Master the King being a Member of y<sup>e</sup>. Romish Dominions should have all y<sup>e</sup>. other peers of y<sup>e</sup>. same to Foes wherof a great dale of disturbance Could Arise.

Further is here inclosed a Contra Protest which I together w<sup>t</sup>. y<sup>e</sup>. rest of y<sup>e</sup>. Counsil have found ourselves Necessitated to let goe out in Answer to yours of the 19 Aprile O : S :

Moreover I hope y<sup>t</sup>. this Ship w<sup>t</sup>.in a few dayes and w<sup>t</sup>.out The making any Merchandizeing shal goe from this Place so y<sup>t</sup>. thereby neither the English nor any other Company shal be prejudiced for one fano ; so I hope that this Affair will be Ended and so y<sup>e</sup>. When we impossible could expect other from the English Goverment at Madrass then ane Acceptable Answer upon our so civil and in all its circumstances true Letter of y<sup>e</sup>. 9<sup>th</sup>. Instant, was sent us by the Dutch over Nagapatnam from y<sup>t</sup>. English Goverment (of the same date w<sup>t</sup>.their first letter) a Protest right strange and without any ground, for if a Body at Clear day with wholesome and unprejudiced Judgment considers that the Emperors Ship who lies now here in Reparation is neither equipped from any of the Eastcountries Nederlands Ports nor are

allowed Under Confiscation of Ship and Cargo to return into any of them and consequently does not break the Preliminaries which only mentions the Hinderance of the Ostend Companies tradeing for 7 Years; So wee cannot see what foundation or ground the English Goverment at Madras base to forme any Protest against us who in y<sup>e</sup>. least hase done nothing against them with this Man who hase his Romish Emperors Majesties Pass further then what every honest Nation ought to doe to one who is put to a Push w<sup>t</sup>. a ferial yea more then half rotten Ship. Since then Neither the English Goverment at Madras nor any other Body under the Sun Shall to all Eternity make good that this Man (who [neither] depends upon nor is sent out by any of y<sup>e</sup>. Ostends Company but is a Franck-führter gone out from Cadix) is or hase been here A shore to trade for the worth of one Dollar the which wee could have done hade wee found it servisble, neither hase saids Man received more benevolences then one other yea and which the Heathens never should have denied him.

To protest we Contra after the best and lawfullest form with this our Contra Protest not only against such alledgances and complaints but also after the powerfulllest way and manner in Name of his Majesty our King for the preservation of his Majesties Lawfull Jura and high Regalia declares y<sup>t</sup>. saids English Goverment who w<sup>t</sup>.out reason, foundation or the least truth alone on others false conceipt hase been pleased to Approach us, [and] themselves agressors [unless] all the World ought to be lookt upon as Authors and encouragers of such prejuditious Suites which by consequences can Arise and spring from saids Goverment [ . . . ]lation.

[The serving] us on her Majesties account to all the rights in Law which now or hereafter can be found needfull in behalf of this Affair.

To the more strengthning of this our Contra Protest have wee affixed his Majesties Seal and by us Subscribersen Fort Dansborg the 23 May 1731/N.S.

I have made my Application to the Chief of Vizagapatam & Council, for Two Thousand Pagodas, to help Carrying on my Investment but they fearing the Disappointment of an [early] supply, which if did not come they woud be obli[ged] to stand still, Therefore has not assisted me.

My last to Your Honour &c<sup>a</sup>. was the 28<sup>th</sup>. Ultimo informing You of the Necessary Occurrences to that time.

M<sup>r</sup>. Thomas Clogie, whom I informd Your honour &c<sup>a</sup>. in mine of the 12 January last, to have Entertaind here in the Place of M<sup>r</sup>. William Crawford; Died the 18 Instant, It was somthing very Sudden, for thô he had complain'd of a Pain in his Leggs and had at last an Intermittent Feaver, there was no sym[ptom] of Danger till about Three hours before he Dyed when He was taken with convulsions, I humbly submit to your Honour &c<sup>a</sup>. pleasure for sending some one e[lse] the chiefest Reason, for the better security of the Honourable Companys Effects at this Residency.

Cloth comes in much slower then it [did] The Camp being so near is one Reason, and the excess[ive] Price Cotton is now at is another, it selling for last market Day, at the Rate of Forty Pagodas, Thirty one Fanams and Fifty Cash  $\frac{1}{2}$  Candy so That the Weavers cannot with any Courage set about the Ordinary Cloth But should your Honour &c<sup>a</sup>. Please of permitting a proportion of Fine to help out, it will be some incouragement for setting closer to their Business.

By these Peons I take leave of sending Your Honour &c<sup>a</sup>. the Books of this [Resi]dency Ending the ultimo April.

My People wanting more money then I had to give them, I requested of the Gentlemen of Vizagapatam, Pagodas for Five and Twenty hund<sup>d</sup>. Rupees, of the Three Thousand Rupees you was pleased to order, and Five hundred Rupees, which I have Receivd The five and Twenty hundred Rupees at Three Rupees Two Annas  $\frac{1}{2}$  Pagodas is Just Eight hundred Pagodas.

Since Writeing the foregoing, your Honours &c<sup>a</sup>. favour of the 7 Instant is come to hand and your orders shall be puntually observed as to provideing Two hundred Peices Izzares fine thicker than the last the rest Ordinary Cloth submitting to your pleasure for the Valluation of the same. There is no other Buyers at present in this Country but the Gentlemen of Vizagapatam and self If the excessive Price of Cotton may not be an impeadement for want of being able of giveing a

better encouragement to the Weavers for their setting to work w<sup>th</sup>. more vigour I am not so much apprehensive but other impeadements will soone blow over th<sup>d</sup> the whole Country is at present in sad confusion.

I shall send for no more then Two hund<sup>d</sup>. Pagodas to make the eight hundred I had before one Thous<sup>d</sup>. besides five and Twenty hundred Rupees to make the Three Thousand.

We have address'd You of the 17<sup>th</sup>. & 29<sup>th</sup>. And as both sets Assert they have ready in Unsorted Goods, within one thousand of about Four thousand Pagodas due on their respective Ballances, We Consented to Gratifie Sha Permall's Request for one thousand Pagodas more to spread his Commissions in time up the Country.

Tomby Chitty's merchants offer'd their Musters also Viz<sup>t</sup>.

which we also Tender, though they decline & Evade coming to an Agreement for any Stated quantity, And will only promise their Endeavours as far as the badness of the times will Admitt. They have about 23 Bales of their Turn'd out Cloth, Remains of last Year's Contract, We beg your Hon<sup>r</sup>. &c<sup>a</sup>. Directions whether we shall render them up or take them  $\wp$  Judgement at a proportionable Abatement. And Here, as our Deputy Govern<sup>r</sup>. Acquaints there are Orders from England for a New Method of Sorting  $\wp$  Judgement of Council on each Parcel of Cloth Offer'd, We desire your Hon<sup>r</sup>. &c<sup>a</sup>'s. Directions for our Demeanour in that Respect also.

In February 1729/30 Sloop Rama Carried three Bales of Sha Permall's Long cloth Fine which being Turn'd out here and Mark'd L[CF]X were plac'd at the foot of the Invoice, and tender'd only to be priz'd by the President and Council, But having Yet receiv'd no account of their Accepted value, He applys for that Credit, which when your Hon<sup>r</sup>. &c<sup>a</sup>. will please to Inform Us, shall be given him.

Our Deputy Governour observes no Ginghams Demanded in the List of Investment for this year, And having about 17 Corge offer'd, being what provided on last Year's Contract, desires if in the present Dearth of Goods we shall Accept them or what more he can get.

Mr. Croke Warehousekeeper Report<sup>s</sup>. he has two Bales Bengall Goods of a Wreck drove ashore about three Month's since, now under his care, That he has Washed them, And no Claimant yet Appearing, We desire your Hon<sup>r</sup>. &c<sup>a</sup>. Orders for their Disposal ; The particulars are

One Bale q <sup>t</sup> . Muggadowaties	...	...	...	...	566 pieces.
One D <sup>o</sup> . D <sup>o</sup> . ...	...	...	...	...	104

Cuttanees	...	...	...	...	150
Silk Clouts	...	...	...	...	2

The Deputy Governour also represents that having Discours'd our late measuring Farmer & others about the present Value of the Farm, he cannot prevail on any to bid above 150 pagodas  $\wp$  Ann. Offer'd this day in Consultation by the late Farmer We therefore propose to put it up to Outery at that price on Saturday next.

We are to remind your Hon<sup>r</sup>. &c<sup>a</sup>. That the proposed Repairs of Cuddalore Factory lie still for want of proper Timbers, And that If they don't come suddenly as the season is already very far advanc'd, we shall not be able to Compleat it before the Rains set in. The Garden House also still waits for Timbers.

It appearing to us that there was a month & half's pay due to a Sarjeant & ten Topasses Return'd of the Tellicherry Party dispeachd from hence, to the time of their Reinrollment here, as ♂ our Paymaster's Inclos'd note Amounting to P. 33 2, which we desire to Debt to Fort S<sup>t</sup>. George that your Hon<sup>r</sup>. &c<sup>a</sup>. may Transferr it to Bombay presidency.

M<sup>r</sup>. Threipland our Surgeon prays that his Indent for medicines from Europe may be sent here with the other Stores already wrote for.

M<sup>r</sup>. Robert Turin Surgeon' mate here Complains to us that he cannot Subsist himself on so small Pay as that now Allow'd him of Five Pag<sup>s</sup>. ♂ mansem, And hearing of a Vacancy of that Post in Ship George, Apply'd for his Discharge, But says If we will Augment his Pay to the former allowance of Pag<sup>s</sup>. 3 ♂ mens. he will Gratefully continue his best services: We apprehending some difficulty to Engage so sober and Diligent a Young Man of that profession to come here, beg leave to recommend him to your Hon<sup>r</sup>. &c<sup>a</sup>. as worthy of his Request.

HONOURABLE SIR & SIRS

The last I paid my Respects to Your Honour &c<sup>a</sup>. was the 8 ultimo. It is no little concern to me that I cannot informe you any of those Impeadements that stopt me going on in my Investment (as I once did) are overcome. The white cotton continues at abo[ut] Forty one Pagodas P<sup>r</sup> Candy, The oppression of the moors is not over but instead The Nabob makes a new demand of one hundred Thousand Rupees for himself to pre[vent] Robbing the country more saviery [*sic*]; The Reply the R[ajah] has made to this, is, The Country now belongd to the moors and they must do as they pleased, That he had no more then the Fort He lived in he could claim his own, which he woud defend; I cant tell what further may happen should not the Rajah endeavour to make thing easey, by allowing another sume of money, The Rajah cast People have not been taken notice of as yet, in having money taken from them, and they are the only People that might be reasonably taken hold of, as being Accessary to the mischief Subbana & Rammerauze has done. Therefore I humbly beg to know your Hon<sup>r</sup>. &c<sup>a</sup>. pleasure If I may send for the Vessel I have agreed to Freight the Bales upon, with all convenient speed to ley in a readiness in this River in order to secure the Hon<sup>ble</sup>. Company's Effects, should any commotion happen that may require it.

Mousieur Guillard with his Wife and a second are lately arrived at Metchlepatam from Pondicherry and in a few Days are expected at Yanam to resettle that Factory which is now a fitting up for them I humbly take leave to lay before your Hon<sup>r</sup>. &c<sup>a</sup>. should the French come to Trade upon more advantageous Terms to the sellers then M<sup>r</sup>. Davis and self are Limitted too, undoubtedly it will be a vast impeadement, and I have now upwards of Three Thousand Pagodas standing out,

<sup>Rec'd. 30<sup>th</sup>. Aug<sup>t</sup>.</sup>

for which if Cloth should not come in faster then it has done lately, it will be January before I have the Amount of that money brought in, whereas if your Hon<sup>r</sup>. &c<sup>a</sup>. of your superiour Judgement should think well of giveing Permission for Provideing a Proportion of Fine Cloth to be on as good Terms as the French, there is good reason but to believe those weavers which have the money in their hands may be the easier securd.

The 11 Instant I Received from Vizagapatam Two Thousand Pagodas which I shall give your Presidency Credit for.

I am with the utmost Respect

HONBLE SIR & SIRS

Recd. 6th.

Your Hon<sup>r</sup>. &c<sup>a</sup>. Favour of the 17<sup>th</sup>. ult<sup>o</sup>. we bere Answer. That we have carefully Review'd the 23 Bales of Tomby Chitty's Turn'd out Cloth and Accepted 14 of them at the prices your Hon<sup>r</sup>. &c<sup>a</sup>. will observe in our Inclos'd Acco<sup>r</sup>. Sorting of the 13<sup>th</sup>. August, which though not perhaps proportionable in the Quality of the Cloth Yet considering the present value and Loss they so [suffer] we hope will be Approv'd reasonable. The remaining 9 Bales are by no means Merchantable [by] the Company.

Sba Permall will not be prevai[ld] on to Enter on any new Contract Separately, for the Bales wanting of his Partners last Year's Engagement, though he [con]tinues to promise the performance; And [ind]eed as we Apprehend that Contract still exists though the time Limited for its performance be Expir'd, We hope it will be needless to Insist on any new one. Having thus taken on him the whole performance of that Contract he Claims the privilidge of providing the Blue Cloth as much easier to be g[ot] than Brown, and so take the whole upon himself which, especially as Tondaroy seems to recline from his Word to provide it, And to Encourage Permall's Endeavours, We have Consented to that his desire, though he refuses to Contract.

For Tomby Chitty's merchants as we can do nothing with them here, hope your Hon<sup>r</sup>. &c<sup>a</sup>. will reduce their Principals to Reason in Madrass Especially as we can get none else to Assist our Investment now Tondaroy has Absolutely Refus'd it.

Sba Permall having brought in a parcel of Sallampores on his own proper Engagement We met and Sorted seven Bales out of them in the new Method your Hon<sup>r</sup>. &c<sup>a</sup>. prescrib'd to us, And tho: we allow'd him 16 & 15 Pagodas for N<sup>o</sup>. 2 & 3 being as much as we could judge the present value of the Cloth, he yet Murmurs at our hard dealing with him, And we are sorry on this occasion to tell yo<sup>r</sup> Hon<sup>r</sup>. &c<sup>a</sup>. our Apprehensions that the natural Avarice of our Black Merchants will never allow their Content with a reasonable profit, unless restrain'd by some prescrib'd Limitations which, (would they consent to) may be equally detrimental on the other Hand, So that in these Streights we shall find it too difficult to satisfie your Hon<sup>r</sup>. &c<sup>a</sup>, Ourselves and Them in points both of Quantity & Quality,

especially as they will very thankfully Consent to pay Interest for the Money advanc'd, as not knowing where else to [get] it for service of their own private Trade,—And [it is f]rom this Consideration that Permall now insists all but the Long cloth Ordinary that proves Inferior to our N<sup>o</sup>. 2 should be return'd him, And urges such Sortments were not Contracted for, as a Plea to Carry it to the French or Dutch, So that to Check that pernicious practise and swell our own Ton-nage we have been oblig'd to Accept but a very Indifferent Cloth for N<sup>o</sup>. 3, which we hope your Hon<sup>r</sup>. &c<sup>a</sup>. will make us allowance for accordingly.

The 17 Corge of Ginghams were mention'd in our last to be provided [on] last year's Contract, And are of the measures Demanded in that List of Investment Viz<sup>t</sup> 40 Cov. long & 2 $\frac{1}{2}$  broad, But on since viewing them prove little better than [Ord<sup>y</sup>.] ♢ Bengal Doosooties.

Sha Permall Complaining that he [has] near 100[0] pieces of Sallampores of full Breadth but Turn'd out for want of a Trifle in length, whereupon being re-measur'd are found short one with Another but about half a Covid, Wherefore, and because the Cloth seems pretty good we propose by your Hon<sup>r</sup>. &c<sup>a</sup>. leave to Accept them on reasonable [allowances], & have sent them to be wash'd accordingly.

We have put up the Measuring Farm to Outery as proposed on the Terms of the last [Cowle but it] was with slowest advances that it rose exactly to the Old Rent of P. 180 ♢ Ann, which we have accordingly given in Cowle to Wollogapa Chi[tty] of Tevnepatam who Consents to Commence it from the Expiration of the last, The Old Farmer paying him it's produce from that time.

When we wrote your Hon<sup>r</sup>. &c<sup>a</sup>. for Pay of the Men return'd of the Tellichery party We forgot to mention the Arms furnish'd hence for that Expedition, the Account whereof we here present & propose to Debt its Amount being P. 68 : 16 : [42] in our Acco<sup>t</sup>. Current with your Presidency.

We Inclose our Cash accounts for June and July And by the List of Bales hereunder Your Hon<sup>r</sup>. &c<sup>a</sup>. will see what yet done in our Investment.

The Company wanting Timbers to repair Cuddalore Factory and M<sup>r</sup>. Berriman offering sixty pieces of 15 to 18 foot long and 5 to 7 $\frac{1}{2}$  square, We presuming on Your Hon<sup>r</sup>. &c<sup>a</sup>. Approval have Agreed to purchase them at Pag<sup>s</sup>. 2 $\frac{3}{4}$  each.

HONBLE SIR & S<sup>RS</sup>.

Recd. 14<sup>th</sup>  
Sept<sup>r</sup>.

We Address'd ourselves to your Hon<sup>r</sup>. & c<sup>a</sup>. the 3<sup>d</sup>. Instant, And the Rama now offering, and the northern winds Approaching, We have thought proper to Lade on her what Bales we have been able to get, that they may Arrive in time for your Hon<sup>r</sup>. & c<sup>a</sup>'s. Judgment to regulate our future proceedings by ; They are as  $\wp$  Bill of Lading and Invoice Inclosd Amounting to Pag<sup>s</sup>. 1993. 28. You will thereby be pleas'd to note that the Bales mark'd O C are of the prices of last year, except those of lower numbers than Contracted for, taken in at a proportionable Abatement.

Inclosd is the account Sales at Outcry of the Wreck piece-Goods drove ashore here, And of two old stills reported by our Doctor to be useless and Cumbersome, And therefore Agreed to be so disposed of, Amounting together (Charges deducted) to Pag<sup>s</sup>. 396. 25. 20. Produce of the Wreck Goods shall be brought to Account as y<sup>r</sup>. Hon<sup>r</sup>. & c<sup>a</sup>. directed.

Our Deputy Governour has receiv'd 7 Petitions from the Military, And were Encouragement given to those presented, would have many more, All of them having serv'd beyond their Contracted times, And are very clamorous to their Officers for their Discharge, Among these one Thomas Pindar a Corporal the 8<sup>th</sup>. Instant at Night through Discontent run his Bayonet quite through his Throat and Cut his Gullet and Windpipe, but by the skill and care of Mr. Thripland is yet Alive, If he recovers we must beg leave to send him to Madrass, for in all his Torture he declares he will rather dye than stay here, This so general Discontent among them we believe may be in great Measure if not entirely appeas'd by a Gratuity of about two Month's Pay to Engage them to Renew their Contracts for 5 Years longer, which we believe will be refused but by a few if any of them. This we beg leave to recommend as an easier Charge to our Hon<sup>r</sup>. Masters to retain Men Season'd to the Country than to Pay the passage of fresh Undisciplin'd ones from England whose first Intemperance so often takes them off ; But this we submitt to your Hon<sup>r</sup>. & c<sup>a</sup>'s. Judgement.

The Boat with the Wares & medicines is Arriv'd, but that with the Stores yet wanting.

M<sup>r</sup>. Wilhelm the Dutch Chief at Tevnepatam Dy'd last sunday And Eram Rauze who had been many years the Company's Chief Merchant and Dubash, and done them good service Dy'd also this Morning. We are.

The Duke of Cumberland imported here the 24<sup>th</sup>: Ult<sup>o</sup>: and brought Us the Treasure, and Wares as Dr<sup>r</sup>. We have according to y<sup>r</sup>. Hon<sup>r</sup>. &ca<sup>s</sup>. Orders, advised the President, and Councel of Bengal, that four hundred Bales will be the most We can possibly get; and desired them to send what Ships they think Proper to take in that number: but if the Country to the Southward continues in the Condition 'tis now in: We must certainly fall short of those, and as the French are now resetting at Yarnam, near Ingeram, and very probably will employ the Weavers about fine Goods: Your Hon<sup>r</sup>. &ca. will please to consider what a hindrance that will be to our providing course, and that We must be necessitated to advance the Price, for what We can get.

We now send you one pair of our General Books, and are with great Respect

TO THE HONOURABLE GEORGE MORTON PITT Esq<sup>r</sup>.  
PRESIDENT & GOVERNOUR OF FORT S<sup>T</sup>. GEORGE  
&c<sup>a</sup>. COUNCIL.

HON<sup>BLE</sup>. SIR & S<sup>es</sup>.

We have your Favours of the 12<sup>th</sup>. [&] 21<sup>st</sup>. Instant before us And to the former, say, We shall Husband the Liberty there given us to allow [two] months pay to such of our military who have serv'd their Five years and want to be Discharg'd, with the best Frugality by prevailing on them to be easie till the time for the Europe Shipping's Departure that so we may not have so many Claimants [who] would probably appear between this & then [ . . . ] we so soon before give precedent of such [your] Hon<sup>r</sup>. &c<sup>a</sup>'s. Encouragement. Your other Inclosing Ensign Horne's Commission with In[voice] & Bill of Lading of Saltpetre & Anchors  $\ddagger$  Rama, [And] Advising of the thirty Bales sent on her being safe [ly] arriv'd. We are glad to find what we did in relation to the fourteen Bales Turn'd out last year Approv'd by your Hon<sup>r</sup>. &c<sup>a</sup>, though not by the merchants.

We give Sha Permall all the Encouragement possible, having Advanc'd him a thousand Pagodas when he ask'd for it; and told him he shall be no looser if he serves the Company with good Cloth, for we shall Allow him a price accordingly, But we fear we shall not be able to get any better than those Musters we sent your Hon<sup>r</sup>. &c<sup>a</sup>. for your perusal [at] forty two, three quarters and forty five pagodas 4<sup>th</sup> Corge which, If we can do no better we hope may be approv'd.

It was an omission that we did not write your Hon<sup>r</sup>. &c<sup>a</sup>. our Consent to Sha Permall's providing the Blue Cloth to have been only on Terms of Your Approval, though it was given & accepted here with those Allowances, And is therefore now no disappointment on either hand; We did not even thus far proceed before we had been refused any share in the white Cloth from Tomby Chitty's and all other hands, And till Tondaroy had receded from his promise for the Blue Cloth: And even now; it appears we gave him only our Sentiments that he should have the providing it, in that we did not Agree on any particular Terms with him, or even for the priece of it: Though, in the above Circumstances, we were glad to Catch the offer from Permall, who notwithstanding the squabbles and Wrangling of his Partners had as it were Voluntarily taken on him the whole burthen of the Investment, And so not only, alone merited the Indulgence, but was the only man would deal with us. He now on producing a Muster of his Blue Cloth, which compared with the Company's is found to be a Courser Thread, nor so close, He says it cost him forty four pagodas brown & nine pagodas the Dye, And that he thinks it will not come cheaper, And that If requir'd, He can provide the whole Quantity, If we will not let him suffer by it. However in obedience to your Hon<sup>r</sup>. &c<sup>a</sup>'s Order, and in case he should fail us, We have offer'd Tomby Chitty's Gomastas the half of it; They say they have money lying in the Country and expect their returns of Cloth in a few days, but can give no further Answer in respect of Quantity Quality or priece of white or Blue, Interim, If they should ask so high a price for the Blue we must desire your Hon<sup>r</sup>. &c<sup>a</sup>'s directions whether we shall refuse or Accept it in part of the four thousand piecess or about one hundred thirty three Bales Indented for. And this brings us to Acquaint your Hon<sup>r</sup>. &c<sup>a</sup>.

In all 6 Bales at the [price] mention'd in our last, Though Sha Permall Asserted on his Oath, it Cost a pagoda & quarter more 4<sup>th</sup> Corge.

We are very sensible with your Hon<sup>r</sup>. &c<sup>a</sup>. that good Cloth will always sell, when bad will not And it is with great Aversion and unwillingness we take this in, because none good has come to our [view] this year of any sort, and they do as much as tell us There is none procurable.

As to your Hon<sup>r</sup>. &c<sup>a</sup>'s Remark on the Conjeeing; They ever did beat & Conjee the worse sort [of] Cloth more than the better, for that the better needs [no] such Disguise: A piece of Craft over practis'd to [hide] the Baseness as much as possible, however easil[y] discover'd by any person that is used to look on Clo[thes] And yet were it forbid that sort of Cloth would not [be] accounted worth looking at.

Your Hon<sup>r</sup>. &c<sup>a</sup>. seems here to expect Interest for the whole sums Advanc'd to our mer[ch<sup>ts</sup>.] though a former Letter speaks it to be, on making [up] their accounts, Intimating, (as we must think to [be] most reasonable and your true Intentions), That they should pay only on the amount of what not Invested to your satisfaction; Which we yet fear will be their Ca[se].

It is now so late in the Season, and the heavy rains that have here fallen gives us a great deal of Concern how to Contribute our share in filling up the Tonnage you will have on hand in January, All we can say, we will do our best Endeavours and fail not to Awe our Merchants with your Hon<sup>r</sup>. &c<sup>a</sup>'s. reasonings respecting their Contract And the Penalty attending, and to observe all your other directions.

The Seventeen Corge of Sha Permall's Ginghams before said to have lain some time in our Godowns as much Inferior to the Company's Muster we now send a sample of, at Fifty pagodas  $\varphi$  Corge his lowest price, as being unwilling at this Juncture to Reject any quantity of Cloth Without your Hon<sup>r</sup>. &c<sup>a</sup>. Sentiments thereon.

The 3 Bales Longeloth Fine LCFX we have already observ'd to your Hon<sup>r</sup>. &c<sup>a</sup>. were sent to be priz'd by the President & Council wherefore we can [not] make out their Invoeie till you are pleas'd to value & send us the account they are Rated at.

We beg your Hon<sup>r</sup>. &c<sup>a</sup>. will be pleased also to Order us Copy of what Paragraphs receiv'd in the Honble Companys last General Letter Concerning this Settlement And are
